Bond University
Specialized in: Tax, Property, Corporate, Medical, and Canadian Law
NCA Applicant

Bachelor of Science – Medical Biochemistry and Psychology - JUNE 2017
University of British Columbia, Kelowna
Specialized in Drugs, Medicines, and Behaviours

EXPERIENCE

LEGAL ASSISTANT – LEHAL LAW, SURREY, BC
APRIL 2022 – JAN 2023
Assisted on Immigration files regarding Humanitarian and Compassionate grounds using the Canadian government websites. Created applications, court declarations and submissions for senior lawyers.

RESEARCH ASSISTANT – INTERNET LAW CLINIC, BOND UNIVERSITY
FEB 2022 – AUGUST 2022
Team Lead – Dealt with international clients in Laos, Vietnam, Indonesia and Japan to allow for internet access through 3rd party hardware (Starlink/OneWeb) by drafting legislation for ASEAN countries and researching applicable laws and information.

MANAGER – ACURA EMBEDDED SYSTEMS, VANCOUVER
AUGUST 2017 – APRIL 2022
Trained and managed a team of 5 for Marketing, Sales, and research development of industrial grade computers for use on oil rigs. The job entailed hiring and/or training the 15 employees of the company for use with new management and database software, as well as trained all members to WFH with communication software on the outset of COVID-19. Ran software and hardware maintenance and repairs of our computer systems, as well as joined in production during crunch time.

SEHAJ THIND

Over the course of 3 years, with the use of research and consistent communication with the Canadian Trade Commissioner, I procured over $400,000 in government research grants and subsides. Maintained a sales and support role at Trade Shows including ADIPEC in Abu Dhabi and OTC in Houston Texas, designed marketing materials, and updated product and sales tactics.

CO-OWNER – THINDTECH, VANCOUVER

JULY 2018 - PRESENT

Initially a website development of and online marketing firm, but we have branched out to provide investment, training and research for new businesses. Currently building a network of government officials, businesses, media, healthcare, lawyers and engineering firms to produce future solutions.
